SAP Services

YOUR LOCAL SAP CONSULTING PARTNER

SAP® is one of the world's leading software solutions designed to increase organizational productivity, efficiency, drive innovation and success. Working within this all-encompassing framework requires solid SAP expertise. Today, many companies are turning to external partners with extensive SAP experience and knowledge to maximize the value of their SAP investment.

Solvera Solutions is a local SAP partner you can rely on. Solvera has employed industry best practices and proven methodologies while becoming a leader in delivering consistent, high-quality SAP solutions. From business process design to solution mapping and implementation to project delivery and post-implementation support, Solvera's professionals are with you every step of the way. Our consultants are experienced with both the functional and technical aspects of SAP software and Solvera makes significant investments in training so that our practitioners are well versed in the latest product releases and technological advancements

Solvera is a certified SAP implementation partner and works collaboratively with SAP in solution delivery. We also specialize in co-sourcing arrangements that provide application support and enhancement management to integrate a client's SAP investment with their business objectives. Our Centre of Excellence in SAP Solutions emphasizes the development of innovative solutions to address specific business challenges.

You've decided that SAP is the best solution for your organization. Now consider Solvera as the best partner in implementing and maintaining that solution. We have the experience, the people and the tools to ensure that our clients make the most of their SAP investment.

SAP® and SAP Netweaver® are registered trademarks of SAP AG in Germany and in several other countries.
