

SAP Managed Services

YOUR LOCAL SAP CONSULTING PARTNER

Achieve greater **CERTAINTY** and **FLEXIBILITY** in both the costs and maintenance of your SAP system.

In a business world that is ever-changing, predictability becomes a welcome asset.

Solvera offers greater stability through SAP managed services that include application maintenance, enhancements, support and project delivery across the SAP solution portfolio. Our flexible delivery model encompasses the full life cycle of applications so they will be able to evolve as your business does and remain cost-effective to manage. Benefits of using Solvera's SAP managed services include:

1. Predictable Spend

Under a managed service program, we work with you to size a suitable and flexible support framework that minimizes uncertainty on your SAP spend. This could include seasonal resource backfill or an ongoing resource coverage requirement.

2. Responsive Uptime

Using the industry-leading ServiceNow incident and problem management solution, we drive to predetermined SLAs to ensure 24/7 business continuity. We can quickly address your needs remotely or have our team on-site as your situation demands.

3. Client-Centric Training

Solvera consultants are continuously upskilling to deliver SAP services better and we align training our teams to suit each client's changing environment.

4. Proactive Solutions

Our SAP managed services help identify potential deficits within your SAP landscape and provide solutions before they become detrimental to your business operations.

Maximize the return on your SAP investment.

Reduce your total cost of ownership, achieve measurable optimization and efficiency gains and get the stability and certainty that you need in today's world. Contact Solvera today for more information on our SAP managed services.
